Introduction

The Villages® Online Tee Time System

Welcome to The Villages Online Tee Time System! The features of this system will allow golfers to manage their requests and reservations on all Championship and Executive Golf Courses located within The Villages.

We hope you enjoy your experience with the system. If you have any questions, *please call The Villages.net for support at 352-753-4040.*

If you are new to The Villages golf program, stop by the nearest starter shack or Pro Shop and ask them for a copy of the Good Golf Guide. It includes information about golf in The Villages, golf course descriptions, degree of difficulty, and the rules of etiquette that you should follow when playing golf on The Villages courses.

Thank you,
The Villages.net Staff

Getting Started—What You Will Need

Every resident of The Villages is assigned a 6 digit identification number (found on your resident ID card) and a 4 digit personal identification number (PIN assigned to you at your closing). These numbers are required to access the tee time system.

If you have forgotten your PIN number you can call the Golf Tee Time Office at 352-750-4558 (Mon.-Fri.: 8am-5pm | Sat.: 8am-4pm).

Definitions

REQUEST: A tee time request is information entered by you that will be used to schedule tee times anywhere from 4 to 7 days out from the current date. The request may be rejected if no times are available for the courses and play window you have requested.

RESERVATION: After a request has been assigned an actual tee time, it becomes a reservation that will be printed on the tee sheets. Reservations may also be made within the immediate 3 days from the current date.

TEMPLATE: You may create templates to be stored on the system. They are NOT requests or reservations, but can be used to create future tee time requests. Templates are used as a convenience to request a tee time for a specific golf group on future dates.

TOURNAMENT REGISTRATION: You can register online for the Tuesday Men's/Ladies' Day Championship and Executive course tournaments. You may register as a player or a substitute. If you already have a request or a reservation for that day, you will not be able to register for a tournament.

BROWSER: You may access the Online Tee Time system by using either Chrome or Edge or any other comparable browser.

WAVE: The method used to schedule available tee times on the championship courses the vast majority of the time. Waves refer to the time tee times are available. The **morning wave** begins at 7:28 and ends at 9:28. The **afternoon wave** begins at 11:56 and ends at 1:56. There are no tee times between the waves or after the **afternoon wave**. Therefore, if you request a tee time between 9:30 and 11:50, you'll never receive a tee time. Waves are sometimes referred to as **double tee starts** or **crossovers** at other golf courses outside The Villages.

PASSWORD

Type in the "User Login" and "Password" you wrote down on your application. Remember, the password is Case Sensitive.

Once logged on, you will see the icons:

HOME | EMAIL | GOLF | EVENTS | NEWS | USER INFO | HELP

These are all accessible by you. To Access GOLF, simply click on the GOLF icon:
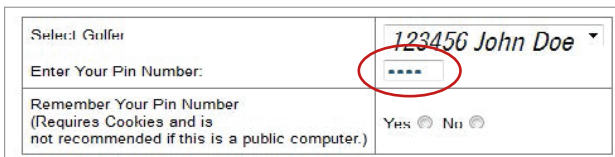

Next, select your **Resident ID** and enter your **PIN**. If you would like the system to remember your pin number; check the box *(requires cookies and is not recommended if it is a public computer)*.

If you checked Yes, the next time you login to golf you will not see asterisks or dots, simply click on continue.

Requests & Templates

You may submit a request for a tee time between **4 and 7 days** prior to your desired date by selecting **Requests and Templates**.

When selected, a page will be displayed to allow you to do any of the following. You might not see all of the choices on your display if you do not have any open requests or have not created any templates.

If you made a request and did NOT receive a reservation, you will receive a 'Not Accommodated' message on the Reservation menu. This message will disappear after the day of play that the request was for. Click on **Create New Request**.

Requests & Templates

PLAY DATE OF REQUEST: Select the date you want to play. Only valid dates are available for selection. The system will check to see if you have a request for each date once you enter the Resident ID numbers. This will be checked when you enter the Resident ID numbers. This allows you to enter multiple requests per play day, but you may only be a player on one of them.

NUMBER OF GOLFERS: Enter a number between **1 and 32**.

ARE THERE ANY GUESTS? **Yes** or **No**. This is used to determine the courses you may select from and opens up the ability to indicate which player is a guest. To specify a guest click on **Yes** *(for Guest)*. When asked for a Resident ID on the next page, put your own Resident ID and check the Guest button.

COURSE TYPE: **Championship** or **Executive**. This is used to determine which courses you may choose from. If you are changing an existing request, or making a request from a template and you change this *(e.g. from Championship to Executive)*, the courses that you had already chosen for this request will be reset for this request. In other words if you chose **Executive** Courses, Mira Mesa and Chula Vista, those choices would no longer be valid if you now chose to play **Championship** Courses.

ANY COURSE? **Yes** or **No**. **Yes** indicates that you are willing to play any available course within the course type you choose. **No** opens up the ability to set the course choices for you to make.

TIME TO PLAY: Enter all 4 digits *(e.g. 0700 for 7:00AM)* indicating the exact time you would like to play. To indicate 1:00PM, enter 0100. Do NOT use military time.

EARLIEST TIME: Enter the earliest time you are willing to play. See Time to Play for the format.

LATEST TIME: Enter the latest time you are willing to start play. See Time to Play for the format.

Requests & Templates

HINT: By entering a wider window of play, you have a better chance of getting a tee time.

PREFERENCE: Click either Course or Time. This will cause the system to give more preference to your choice of Course or Time.

CONTINUE TO ENTER GOLFERS: Advances you to the next page.

Before you click on the continue button, make sure that the data on this page is correct. If you select NO guests and you have guests, the Guest selection on the next page will fail. If you want to select certain courses and you selected Yes to the Any Course question you will not get the course selection list. You will have to redo the Request from the beginning.

Verify that the date and times are correct. If they are incorrect, go to the bottom of the screen and click on Back to the Menu and start over again.

SELECT COURSES: *(You will not see this if you have selected Yes on Any Course).* Select the courses from the list of Available Courses and move them to the Selected Courses Column. To move a course from one side to the other, you may:

- Double click on it.
- Single click and then click the double arrow button.
- Drag your mouse across several courses and then click the double arrow button.
- Click while holding either the shift or control keys to slect multiple courses, and then click the double arrow button.

The right hand side is your selected courses, and the order that they are listed indicates your selection priority. After a course has been selected you may highlight *(single click)* it and then use the **Move Up** or **Move Down** buttons at the bottom of the table to change the selection order.

If you decide you do not want a course in the Selected Column, double click on it and it will be moved back to the Available Courses column.

For 27 hole Championship Courses, you may choose the entire course, e.g. Glenview. This is the equivalent of selecting each of the individual descriptions.

ENTER GOLFERS: Arrange them in groups to your liking. You will be given enough room to enter all of the golfers. If you are using your Buddy List, you may either enter a Resident ID or select an entry from the Buddy List. If one or more of the golfers are guests, click on the Yes button and enter your Resident ID. If you don't have enough golfers to round out even foursomes, you will be given extra room so that you may group them as you wish.

Note: One of the golfers in the request MUST be one of TheVillages.net account owners or this must be a subsequent request in a group request with TheVillages.net account owner(s) participating in the first request of the group.

Enter the Golfers, arranging them in the groups you wish:

Golfer No.		Golfer ID.	Name	Additional Information

Update Names

Complete the Request/Template

UPDATE NAMES: Click here to have the system show you the names of the golfers you have entered. The ID numbers will be checked for validity, duplicates, and if they already have a Request for that day. You may also view each of your player's current point totals.

COMPLETE THE REQUEST/TEMPLATE: Click here to have the system save your request. The ID numbers will be checked as described under **Update Names**. If everything is ok, you will automatically advance to the next page. You may choose to save

your Request as a Template. You will have to name your template and click on **Save Changes**.

REQUEST NO.: XXXXXX HAS BEEN MADE: This screen shows the date and time your request was made, along with all the information you have entered. We recommend that print your tee time for future reference. If you choose not to print the request, please save the request number that was assigned. You will be able to view all of your outstanding requests when you go to the Requests and Templates selection on the main page.

Making Requests Using an iPhone or iPad

If you select "Any Course, NO" on your request when you get to the section "Available Courses" You must follow these steps so they are in order by preference.

1 Tap on 0 Items under Available Courses.

2 Select your first choice by touching the course name and tap **Done**.

3 Tap the three dots and repeat step 2 until you finish selecting all your courses. To move courses to **Selected**, tap the arrow **(>>)**.
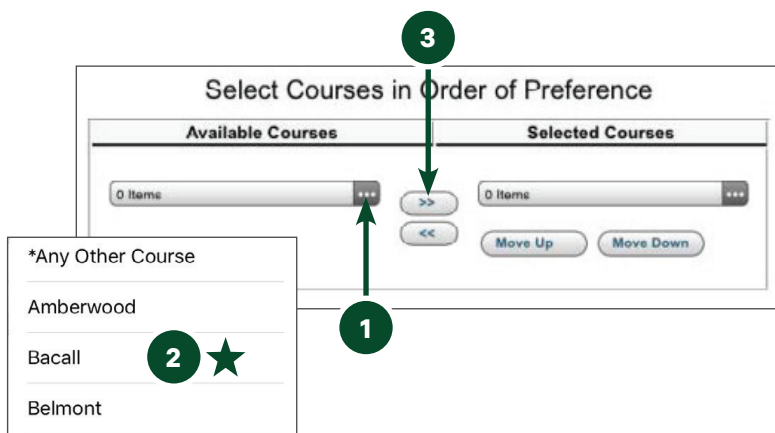

4 Tap on **0 Items** under Selected Courses and tap each course that you selected. This will place a check mark on each course.

5 Tap **Done**.
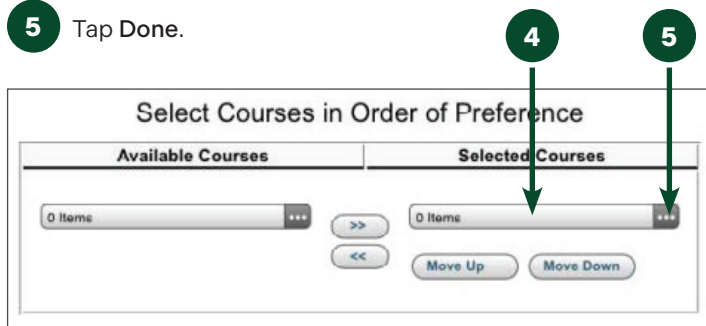

Proceed to add golfers and complete your request.

You will need to repeat this until you get all of your selections, once you have all of your selections bring the selected courses up then re-check them then click on "Done." You may need to repeat these steps until you have all the courses listed.

ARE THERE ANY GUESTS?
Click on **Yes** or **No**.
This information is used to determine the courses you may select from, and opens up the ability to indicate which player is a guest.

COURSE TYPE: Select either Championship or Executive.

CONTINUE TO ENTER GOLFERS: Advances you to the next page.

Before you click on the Continue button, make sure that the data on this page is correct. If you select NO guests and you have guests, the Guest selection on the next page will fail.

If you want to select certain courses and you selected Yes to the Any Course question you will not get the course selection list. You will have to redo the Request from the beginning.

Reservations & View Open Tee Times

PLAY DATE OF RESERVATION: Select the date you want to play. Only valid dates are available for selection. If you are already scheduled to play that day, you will see: **See Res No. 141632 for 01/01/2007** as a reminder.

COURSE CHOICE: Choose the course that you want to play on. The first two options are "View Open Times by Course", and "View Open Times by Play Time". If you choose either of these, instead of an actual course name, you will go to a page that shows all of the possible choices for all of the courses. If you have four or fewer players, only the tee times that have enough openings will show up. If you have more than four players, all open tee times will show.

ENTER GOLFERS, ARRANGING THEM IN THE GROUPS YOU WISH: If you are using your Buddy List, you may either enter a Resident ID or select an entry from the Buddy List. One of the golfers in the reservation MUST be one of TheVillages.net account owners.

UPDATE NAMES: Click here to have the system show you the names of the golfers you have entered. The ID numbers will be checked for validity, duplicates, and to see if they already have a request or reservation that would conflict with this one.

SUBMIT: This will advance you to the next page.

Reservations & View Open Tee Times

If you chose **View Open Times by Course**, or **View Open Times by Play Time**, you will see a page that allows you to pick a course. Click on the word **Select**[1] that is on the row of your choice, this will advance you to the next page and position your screen near the tee time of your choice.

Note: Verify that the cursor is in the correct box before continuing.

You will now see a page that shows the entire day (less times for tournaments, maintenance, etc.). You may select the time you want to play by entering a number into the box in the **first column**.[2]

If you have more golfers than are available for that time, you may use additional play times to assign a time to the remainder of your players. You are not required to use consecutive times, but might prefer to. The system will assign the golfers in the same order you entered their ID's.

If a selection has been partially filled, you will see the number of males/females already assigned to play during that time slot under the **Allocated to** field.

Every time you click the **left mouse button** in a box, the quantity will increase by one.

Every time you click the **right mouse button** in a box, the quantity will decrease by one.

Click on **Submit** to make the reservation.

You should hopefully see: ***Reservation No.: 409695 has been made.*** This page shows the information you have entered. We recommend that you print your reservation for future reference. If you choose not to print the reservation, please save the reservation number that was assigned. You will be able to view all of your outstanding reservations when you go to the Reservations-View Open Tee Times selection on the main page.

There is the possibility that someone else could have selected the same tee time slot. If that happens, you will not get the tee time. When you hit the **Submit** button, you will see ***One or more of the times selected is no longer available, please try again.*** Click on **Go Back** and start over from the Course Selection.

HINT: If you remember any of the courses that had times around when you wanted to play, select one of them instead of using the **View Open Times by Course** or **View Open Times by Play Time** option.

Tournament Registration

To register for Championship tournaments, you must have a Championship Golf Membership Enhancement and have a current GHIN handicap membership.

Registration for Men's Day *(Tuesdays)* and Ladies Day *(Wednesdays)* is Tuesday through Thursday every week.

There are a limited number of slots. During the popular months *(October - April)* the playing slots fill up quickly. You might want to make yourself a note to sign up for the tournaments early in the week.

FOR BOTH CHAMPIONSHIP AND EXECUTIVE COURSES, YOU:

- Must not have a prior tee time request for that date.
- Must not have a prior tournament registration for that date.
DETAILED INFORMATION:

- You may register as a player if there are any slots available. The information will be green in color. You may click on **Player**.
- If regular registration is full, and there are still open substitutes, you may register as a substitute. Again, only the courses that you are a member of will show up. The information will be blue in color. You may click on **Substitute**.
- If you have a request for that day, you may not register for any tournaments for that date.
- If a tournament is completely full, it will be indicated, and you will not be able to register for that tournament.
- If there are no tournaments open for registration at this time, you will see: **No Tournaments are open for Registration.**

Tournament Registration

- After you click on either **Player** or **Substitute**, the next screen will display your registrations. Please print this screen *(if you have a printer)* or write down the information. There will also be instructions on how to cancel.
- If you have already registered for a tournament, and click on **Tournament Registration** you will see a screen that shows the tournament you have registered for, and information about the other tournaments.
- The View this Reservation screen will include your registered tournaments. This will serve as a reminder, so that you do not schedule a reservation for the same play time as your tournament.

The only way to cancel a tournament registration is to contact The Golf Tee Time Office at 352-750-4558.

Buddy List Options

Your Buddy List is a list of golfers that you have entered on either a Request, Reservation, or a Template. It allows you to pick the golfers from a list that was automatically created from the Requests and Reservations that you have already entered. You no longer need to remember Resident ID's. The Buddy List also makes it easier to re-arrange your pairings when you have more than 4 golfers.

BUDDY LIST DELETIONS

Click on **Golf** tab. On the next screen select **Golfer**, enter **PIN number**, and click **Continue**. Click on **Review/Change Personalized Settings**.

Click on **Display Buddy List** to display all of the entries. You will see your current Buddy List sorted in the order you have specified. You may print your list or delete other residents. Select the entry that you want to delete by clicking the check box: **Check to Delete** and then click on **Make The Deletion**.

USE YOUR BUDDY LIST?

If you would like to start using your Buddy List, Click on **Yes**. This will activate it for your Requests and Reservations. You will then be able to choose golfers from a list rather than entering a Resident ID number. If the golfer you want to add is not in your list, just enter their Resident ID *(as before)* and it will be added to your Buddy List. If you no longer want to use your buddy list you may click on **No**, and the system will work the same as it did before.

BUDDY LIST SORT ORDER

Select the sort order that you would like to use when making Requests, Reservations or when deleting one of your Buddies.

Email Confirmations

You can have The Golf Tee Time System send you email confirmations to your TheVillages.net email address.

1 Click **Review/Change Personalized Settings** on the Golf Menu.

2 Then you will see **E-Mail Confirmations to You?**

3 Set this to **Yes** and then click on **Save the Changes**.

YOUR E-MAIL ADDRESS: Enter TheVillages.net E-mail account name. For example *sroberts*, the remainder of the full e-mail address *(@thevillages.net)* will automatically be assumed. This will be the address that the system will use whenever it needs to E-mail something to you. You cannot use special characters. Note: You can only enter your TheVillages.net account.

E-MAIL TEE TIME CONFIRMATIONS TO YOU? When a Request is confirmed, notification will be sent to your TheVillages.net email address.

Email Confirmations

FORWARDING YOUR THEVILLAGES.NET EMAIL TO ANOTHER EMAIL ADDRESS

The golf email confirmations can only be sent to your TheVillages.net email account, which will become active 24 hrs after you sign up for service. You can, however forward your TheVillages.net email to another email account, by doing the following: ***Click the email icon on the website and click the silhouette icon.***

1 Click **Settings**.

2 Click **Forward to**.

3 Type in the email address that you want it forwarded to and click on **OK**.
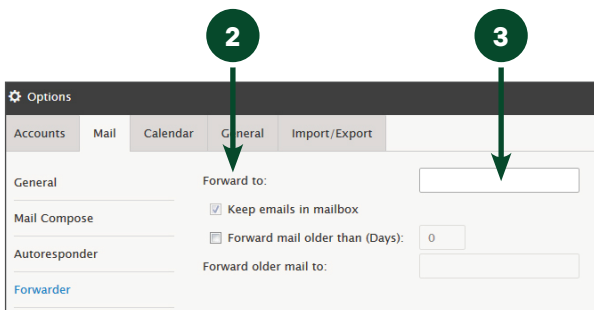

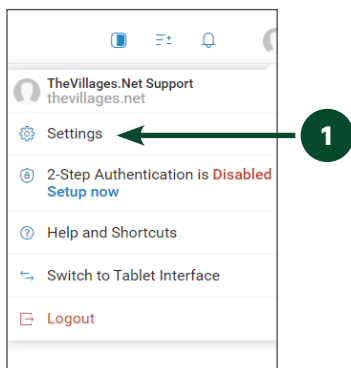

How to Schedule a Guest

Enter your Golf ID number for every guest and check yes under guest.

How to Change a Tee Time

You can make changes to requests before they have become a completed reservation (3 days before the date of play). Click on change this request and make the changes you need, then click on complete the request.

Once the request becomes a completed reservation, you cannot add players to the Group. Anyone who wants to add themselves can do so with their own TheVillages.net account or by automated phone system.

On Reservations, you can delete the entire reservation, which will assign points. You can also cancel and substitute players. Click on the respective link and make the changes needed, then submit.

Group Requests

A Group Request is used when you want to request a tee time for more than a foursome.

There are a couple of ways to create Group Requests. You can set up a single request if you have anywhere from 5 to 32 players. Group Requests are tougher in the more popular months, and player points are taken into consideration. With this method, all of the players' points become a factor in getting a reservation.

There is a second way to create a Group Request where you can create multiple requests of smaller groups and group the players so that the players in each request are matched so they have fewer points as a request group. The restriction on this type of group request is that you have to be a member of the first group and the remaining requests must be for the exact same day and times and the same course selections. Using this method, there is no guarantee that all of the groups will play, or play on the same courses but the groups that play will play at the same time.

Once the request becomes a reservation, you cannot add players to the Group. Anyone who wants to add themselves can do so with their own TheVillages.net account or by automated phone system.

If someone or more than one golfer in your group cancels and you want to rearrange the order of the players, you cannot do that online. You may call the Golf Tee Time Office, 352-750-4558, they can manually change the order.
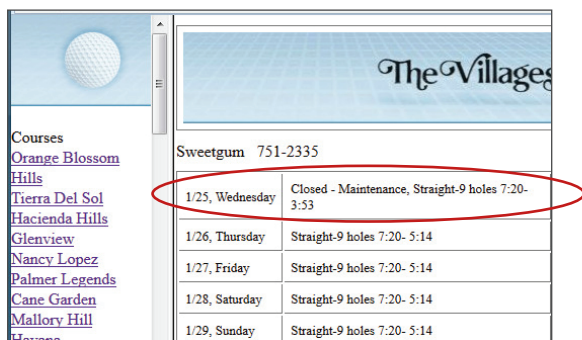

This will display your recent play history and your current number of assessed points.

WHAT ARE POINTS? Points are used to provide golf tee times to all players on an equitable basis. Without the points system, some golfers would use up all of the tee times which would result in some golfers not being able to play — especially in the busy months. The Golf Office provides the rules that determine points and their application in the Tee Time system.

POINTS ON THE PLAY HISTORY FEATURE: Points displayed in play history are color coded. **Blue** numbers are for Championship courses and **Red** numbers are for Executive Courses. The **Black** numbers are points that no longer count.

COURSE SCHEDULES: This will allow you to check the availability of the courses — what the tee times are and when they are closed for maintenance.
